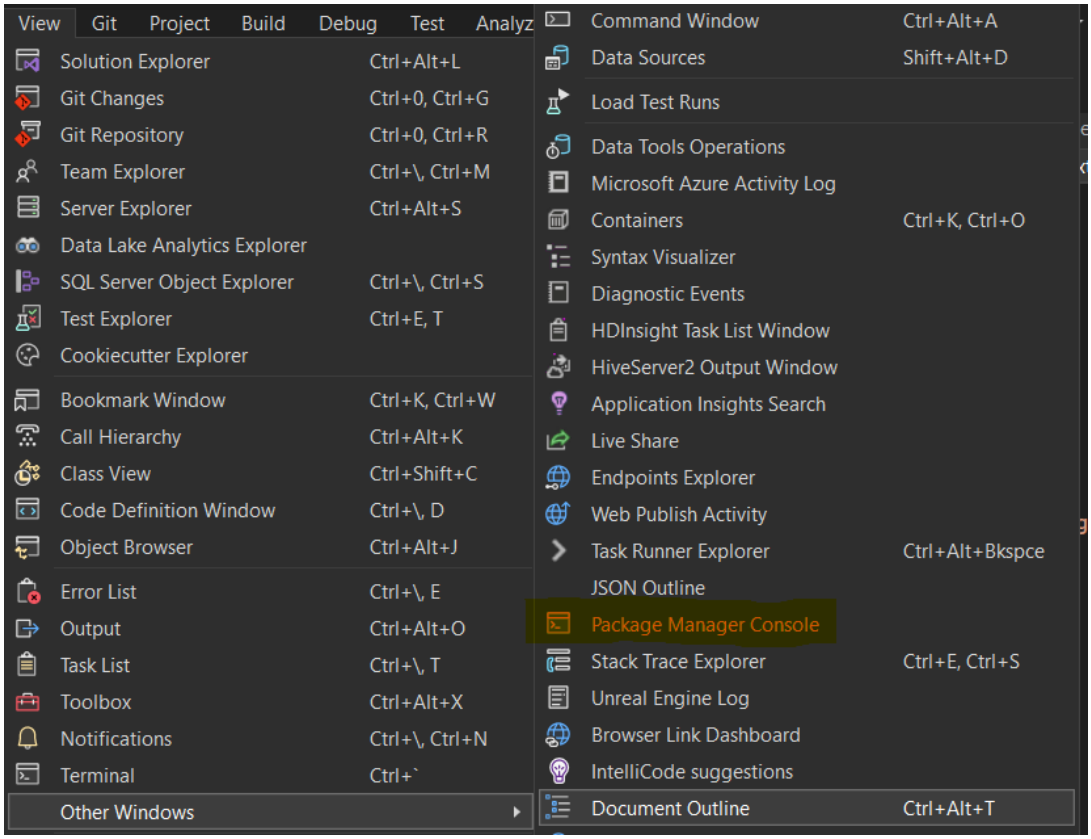
SHAFI UR REHMAN JAFRI

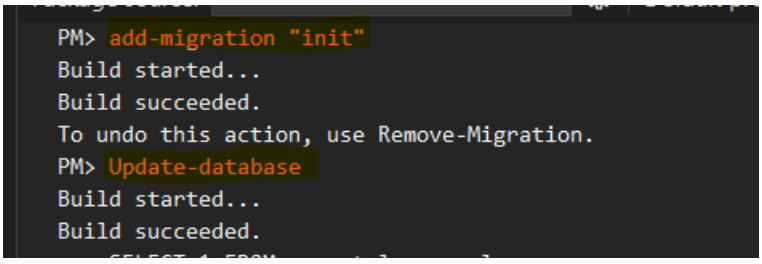
Documentation for the Shopping Cart API

1. Go to appsettings.json file and update the ConnectionString. BinderShoppingConnectionString to the configuration of your PostgreSQL

2. Go to View>Other Windows>Package Manager Console



3. In the console run the following command
   a. Add-Migration “init”, once completed run the next command
   b. Update-Database



4. Run the project, Swagger UI will be launched.

Happy Testing!
